Frank Wilson returned last Thursday from his visit to the Midwinter Fair. He enjoyed the trip immensely and was on the third train to pass overland from San Francisco after the blockade. He went to the April Fool mine Friday, on which he has a lease, and where he may do some considerable work within the next three months.

The heavy fire in the Highland mountains, observable during the last days of last week, was in the canyon back of the brewery, at places where timber was cut for mining purposes years ago. How the fire originated is not known but it found plenty of material on which to feed and spread to a canyon adjoining on the north distant more than a mile.

J. B. Wheeler returned to Pioche Monday with his family, after a sojourn of nine months at San Francisco. He went to engage in the manufacture of the G-O patent roller shade, but from business mismanagement none were produced. Wheeler's faith in the invention is however unshaken, and the matter will not be allowed to entirely remain idle.

Charley Ronnow brought up from Panaca, last Monday afternoon, the 8 year old son of Mrs. Myritha Wadsworth, suffering from a broken arm. The little fellow was handling a horse attached to a hay rake, when the animal became fractious, and running away threw the lad off breaking his arm. The fracture was set by Dr. Campbell and the boy returned home and is reported as mending nicely.

Eugene Goodrich has established his Phonograph in the Bank Exchange building on Main street. The instrument is one of the American Phonograph Co's best, and in this out-of-the-way section it's a treat to hear the best military and other music, besides the latest comic songs, rendered from first hands. The machine does its work well and will well repay a visit to hear it. Open every evening at 7 o'clock.

A. Neilson, C. Lowell and L. Bryant, insurance men representing the insured and the insurers of the recently destroyed Hiko mill went through to Hiko to inspect the ruins of the property last Saturday; returning and taking Tuesday's stage for Milford. The Insurance Company can rebuild the mill if it sees fit, under the terms of the insurance contract, and its representative thinks favorably of this plan, as a large amount of the material on hand can be utilized. The mill owners, however, have no use for a silver mill and would prefer to have the money. Just what will be done will be known as soon as the parties make up their final figures at Salt Lake on their return.

A. Young. The Commissioners meet on Monday next and the application will receive action at that time, favorably it is thought, as it is signed by nearly all the business men in town.

For State Organization.

In the Reno Journal of the 27th ult. a call is made for a mass meeting to effect a State Organization of the People's Party in this State the meeting to take place at McKinnick's Opera House, Reno, on the 6th of September next, to perfect an organization and to place a full state ticket of genuine People's Party men in the field.

This is a very necessary step if the party is to wield any direct influence in the state at the coming election, as, at present, the county organization in Lincoln is the only direct People's representation in the state.

The Reno Journal in which the above call is published says of the movement: "What effect the nomination of a State ticket will have on the State at large it is difficult to foresee. If the object of the State organization is to secure a standing for the party in the Presidential campaign two years hence the ticket nominated at the Silver convention will doubtless be endorsed."

Death of A. A. Young.

Last Monday night at ten o'clock A. A. Young died at his dwelling on Main street here. He had been in bad health for several months, suffering from kidney troubles; but was able to be at his office up to four or five days before his death. Deceased was a native of Kentucky and was years of age.

In the palmy days of Pioche, A. A. Young was engaged in the mercantile business with F. W. Clute and the firm was successful. Deceased sold his interest about 1875 for a good round sum which he afterwards lost in speculation. He continued without any special business or calling, but for the past twelve years has filled the office of Justice of the Peace of this township, except for one term between 1890 and 1892. He has a sister living at Decatur, Ill.

Silver Party Meeting.

About forty persons answered the call last Monday night to organize a County Central Committee of the State Silver Party. Some of these came as observers, but most of them were in sympathy with the party. The meeting was called to order by H. E. Freudenthal, after reading the call, and J. A. Denton was elected chairman. Thereupon H. E. Freudenthal was elected Secretary. The object of the meeting was then stated by the chairman, and about three quarters of an hour was consumed in discussing the political outlook and situation generally, the principal speakers being J. A. Denton, Dr. Bjornson and T. J. Osborne.

The immediate object of the meeting was to elect a county central committee, whose business it will be to arrange for the election of 12 delegates to the Silver Party State Convention which will be held at Carson City on the 4th of September next; and to provide for a county convention also. On motion, the number of the County Central Committee was fixed at thirteen, and on motion also, duly made and carried, the following named gentlemen were selected as said committee, to-wit: From Pioche J. A. Denton, H. E. Freudenthal, A. S. Thompson, T. J. Osborne, J. D. Campbell and E. D. Turner. From Helene and DeLamar, Morgan Williams, John Shier and J. P. Wright. From Panaca, Arthur O. Lee and Wm. Edwards. From Spring Valley, Henry Rice and from Pahrump Valley, A. W. Geer.

The meeting adjourned, and the committee fixed on this, Thursday evening on call to arrange its business in general. The supporters of the Silver Party are becoming more numerous, as the situation of the People's Party and the Silver Party become known. There is little doubt but that the Silver Party will carry the State again this year by as large a not larger majority, than it did two years ago. County Conventions are called in several parts of the state already, though earlier by a month than in former years, while in some sections, Eureka county for instance, the People are so overwhelmingly supporting the Silver Party that no county convention is deemed necessary, and none will be held.

STATE SENATOR M. D. FOLEY KILLED.

Shot by a Woman.

Reno, Nev., July 26.—Mrs. M. A. Hartley, this evening shot and killed State Senator M. D. Foley. The cause of the shooting is not known.

Mrs. Hartley is an artist and has rooms in the Bank of Nevada building, where the shooting occurred.

Foley was shot in the stomach and died in half an hour. Mrs. Hartley has been arrested. The shooting of Senator Foley caused the greatest excitement here as he is one of the most prominent men in the state, having occupied a conspicuous place in politics and having been president of the Bank of Nevada.

Mrs. Hartley, when asked to make a statement, said she had nothing to say except that she had shot Senator Foley and had intended to do it. She had known Foley since last October. Mrs. Hartley is a widow. Dr. Phillips, in whose office Foley died, said he heard two shots. He stepped to his office door and saw Foley at the head of the stairs.

Foley waved his hand at Mrs. Hartley, and ordered her back. Then he walked into the doctor's office, announced that he had been shot, and became unconscious, dying twenty minutes after.

Later advices contain nothing to show the direct cause for the woman's act. She surrendered herself to the Sheriff and delivered over the weapon with which she had done the work, a Colt's 38 calibre pistol. A coroner's inquest was held on the body the day following the shooting but brought out only the above facts concerning the killing, though the woman is said to have remarked that Foley had ruined her life and that she meant to do just what she did.

The woman is still in custody and a preliminary examination of her case will not doubt come in a few days, at which her side of the story will probably be made known.

Land Wanted.

The following circular letter has been received at this office. It might be well for some of those who own unimproved lands in the Pahrump and Mudley Valleys to answer it. Those sections are capable of sustaining thousands:

LOS ANGELES, July 21, 1894. Editor RECORD, Pioche Nevada. Sir:—On behalf of about three hundred or more families, mostly American, who wish to settle somewhere in the West in a locality where irrigable lands can be obtained upon reasonable terms, I write to inquire if you know of any land owners or land agents in your neighborhood who would be disposed to treat liberally with such a colony. In making terms we would of course, want due recognition made of the value such a colony would add to the land adjoining their settlement.

I am making similar inquiries of other newspapers in your State with the hope of getting our prospective colony located before the end of the year. It is probable that you, or some of your advertisers or subscribers, may be able to assist me in selecting a desirable location. If so, I will be most grateful if you or they will address me as above.

Yours respectfully, J. J. MARTIN.

Republican State Convention.

The Republican State Central Committee, at a meeting held at Carson on July 25th, issued a call for a Republican State Convention to take place at Reno, on Friday the 24th day of August 1894. A representation of 121 delegates is provided for of which Lincoln County is entitled to six. The delegates are to be elected on Tuesday August 14th. In counties where no Republican organization now exists the members of the State Central Committee are requested to arrange for the primary elections.

New York has the greatest number of inhabited dwellings, 895,593; Nevada the least, 10,066.

A meeting of the Democratic State Central Committee was advertised to occur at Carson on the 25th of July a full attendance being requested as matters of importance would be brought up. On account of the irregular running of trains at that date however, the meeting has been postponed and it will now come off on the 15th, inst. at the same place.

We are authorized to announce that Judge A. L. Fitzgerald, of this district, is a candidate to succeed himself at the coming election, and so far as we can learn, he will have no opposition, which is a well deserved compliment to the gentleman's integrity and ability as a Judge, and his election is an assured fact, because of his early and emphatic identification with the Silver party, which will practically have no opposition in Eureka, Lander and Nye counties which constitute his district.—Seattle.

The movement of the Central Pacific Railroad Company to have its indebtedness to the Government extended for fifty years, has been adversely reported upon in Congress and a vigorous effort, backed by the San Francisco Examiner, is being made to have the property confiscated to the government. Petitions are being circulated in every quarter of California, and of Nevada. A petition was circulated hereabouts by C. H. Patchen last week and was forwarded yesterday with 114 signatures attached. Similar petitions are now being circulated in DeLamar and Hiko. The recent strikes and interference of the general government on behalf of the railroad has drawn particular attention to the subject at this time.

The People's Party County Central Committee of the County of Lincoln, State of Nevada, at a regularly called meeting, held on the 14th day of July, A. D. 1894, action, and local parties or organizations of different names but with no national significance.

Each of the old parties, Republican and Democratic, have proved themselves recreant to their pledges and duty to the People and inclined to the free institutions of our government.

They are in no way, of either their leaders are, to fasten upon the government another administration, Republican in name, but governed by the same foreign pool that has governed the present administration, which means a further and continued subversion of the rights, industries and commonwealth of the American People.

It is useless to attempt to fight the common enemy by dividing the government into two parties or organizations of different names but with no national significance.

The People's Party being a national organization whose principles embraced all that is good in Democracy or Republicanism, or local organization, should be adhered to and supported by all who sincerely desire to fight the wrong under which the people are now groaning.

To that end we ask the Silver Party of this State to wheel into the general line of battle against the domination of foreign influence upon our government whether the same is incited by denunciation of silver or otherwise.

WM. CULVERWELL, Secretary, pro tem. All People's Party papers please copy.
